

**Subject:** Environmental Policy**Approved by:** Managing Director**Date:** 01/10/2025**Rev no:** 00

KYM Industries (M) Sdn Bhd, a corrugated carton manufacturer, is committed to environmental protection and sustainable operations. We pledge to integrate this policy into our business activities to minimize our environmental impact and climate change effect. To achieve this, we are committed to the following:

- Comply with and strive to exceed relevant environmental laws, regulations, standards and other requirements.
- Adopt suitable technologies for the continual improvement of our environmental performance, focusing on reducing our carbon footprint and optimizing the use of materials and resources.
- Minimize emission, effluent and waste through responsible and efficient use of materials and resource and a robust waste management system that prioritizes reuse, recycling, and proper disposal.
- Reduce consumption of energy and water through process optimization.
- Create and enhance awareness among all employees and external parties on the importance of preserving the environment.
- Ensure that the Management is committed and shall provide full support to the committee towards the realization of these environmental objectives.

Mr Michael Lim
Managing Director
